

Bells Reach Community Garden Objectives

A place for the community

- provide a friendly, safe and accessible space for local residents to come together to grow fresh food, to learn, relax and make new friends; and
- to improve, strengthen and foster community pride and connections through shared involvement in the gardens activities.

A place to grow

- a space that provides residents the opportunity to grow and harvest fresh vegetables, herbs, fruit and flowers.

A place to learn

- provide a space for community members to learn and interact;
- to share gardening knowledge with members and visitors about sustainability; and
- to encourage a creative environment in which people can contribute their skills, learn from each other, develop new skills and fresh ideas.

A place to be healthy

- encourage healthier eating and living for the community through nutritious 'edible garden' components of fresh fruit, vegetables and herb produce.

A beautiful place

- create an aesthetically pleasing environment that is in harmony with nature and the surrounding area.

A place to connect

- A welcoming place for people to mix with a group that is diverse in age, background and ability to form friendships and social bonds which contribute to a sense of community;
- an active living community facility for each core demographic; children, youth, families and retirees; and
- a platform for community engagement and collaborations.
